

companion stones

for the derbyshire guide stoops

Companion Stones comprise 12 sculptures designed by poets and artists of the Peak District. Each stone bears directions to an uncertain future. After exhibition at the Moorlands Centre the stones will be placed on the moors, each as a companion to one of the Derbyshire Guide Stoops.

This place is neither here nor there,
but set your hand on its gritty heart,
feel the earth's cold pulse.
For every path will lead you
to somewhere you have yet to name.
So choose,
the road out, or the long road home.
